

## CLIMATE CERTIFICATE 2025

CEMAsys' Climate Certificate™ is hereby issued as a proof of planting of mangrove trees, for voluntary offsets of own greenhouse gas emissions. As a result of the planting, the project will each year issue climate quotas in line with the VERRA Verified Carbon Standard, and these can be tracked in the register with its unique serial number. The project contributes to meeting a number of the UN's sustainability goals.

Organisation	Flis Fram AS
Offsets cover	Production and transportation of Schönox for Q8 Flisfilm
Volume (tonnes CO <sub>2</sub> e)	1 432,7 tCo2e
Tree planting	2 866 Trees -2 trees per tCO <sub>2</sub> e ( A total of 7,500 trees Flis Fram have purchased to compensate for its various product lines in 2024)
Type	VCU (Verified Carbon Units)
Project name	Reforestation and restoration of degraded mangrove lands in the Thor Heyerdahl Climate Park, sustainable livelihood, and community development in Myanmar
Project reference	<a href="https://registry.verra.org/app/projectDetail/VCS/2088">https://registry.verra.org/app/projectDetail/VCS/2088</a>

The climate credits will be issued by the VERRA Registry on a yearly basis based on a third-party verification and will be retired from the registry permanently, so that no one else can hold or retire them.

Oslo, 18<sup>th</sup> June 2025
