

## CLIMATE CERTIFICATE 2023

CEMAsys' Climate Certificate™ is hereby issued as a proof of planting of mangrove trees, for voluntary offsets of own greenhouse gas emissions. As a result of the planting, the project will each year issue climate quotas in line with the VERRA Verified Carbon Standard, and these can be tracked in the register with its unique serial number. The project contributes to meeting a number of the UN's sustainability goals.

Organisation	Flis Fram AS
Offsets cover	Production and transportation of Mirage series Norr, Jewels, Norr Fine, and Glocal
Volume (tonnes CO <sub>2</sub> e)	2670.52
Tree planting	7500 Mangrove trees (2 ha with project nr. 2088, 1 ha with project nr. 1764) with 2 trees per tCO <sub>2</sub> e)
Type	VCU (Verified Carbon Units)
Project name	Reforestation and restoration of degraded mangrove lands in the Thor Heyerdahl Climate Park, sustainable livelihood, and community development in Myanmar
Project reference	<a href="https://registry.verra.org/app/projectDetail/VCS/2088">https://registry.verra.org/app/projectDetail/VCS/2088</a> <a href="https://registry.verra.org/app/projectDetail/VCS/1764">https://registry.verra.org/app/projectDetail/VCS/1764</a>

The climate credits will be issued by the VERRA Registry on a yearly basis based on a third-party verification and will be retired from the registry permanently, so that no one else can hold or retire them.

Oslo, August 31<sup>st</sup> 2023
